

Why wait until next year to send your professionals with up to 3 years of experience to the Land Development Engineering Program? Either of the two semesters can be taken first, so give your young professionals and those seeking DPE certification a head start by enrolling them in Semester 2, beginning September 4, 2018. Call ESI at 703-263-2232 to enroll.

2018 Land Development Engineering – Semester 2 (L200 series)

L201-18	Stormwater Planning Tuesday, September 4	3:30 – 6:30 pm
